

SAMPLE POLICY DOCUMENT

Title: Corporate Data Access & Security Policy

Version: 2.1

Effective Date: 1 January 2026

SECTION 1 — SENSITIVE DATA ACCESS

Clause 1.1

Only employees with “Manager” or higher role are permitted to access financial reports.

Clause 1.2

Access to customer personal data must be logged and reviewed weekly.

Clause 1.3

Any attempt to access restricted files without required role must be flagged immediately.

Clause 1.4

Employees accessing more than 50 sensitive records within 1 hour must be flagged for abnormal behavior.

SECTION 2 — REMOTE ACCESS CONTROL

Clause 2.1

Employees accessing internal systems from outside the registered country must trigger a security review.

Clause 2.2

Login attempts from more than 3 different IP addresses within 24 hours must be flagged.

Clause 2.3

More than 5 failed login attempts within 10 minutes must result in temporary account lock.

SECTION 3 — DATA EXPORT & DOWNLOAD POLICY

Clause 3.1

Downloading more than 500MB of internal data in a single session requires supervisor approval.

Clause 3.2

Exporting customer databases without active project authorization must be flagged.

Clause 3.3

Any download of sensitive files between 00:00 and 05:00 must be logged for compliance review.

SECTION 4 — ACCOUNT STATUS MONITORING

Clause 4.1

Inactive employee accounts (no login for 90 days) must be automatically suspended.

Clause 4.2

Terminated employees must have access revoked within 24 hours.

Clause 4.3

Contract-based employees cannot access confidential folders unless explicitly authorized.

STRUCTURED RULES YOUR SYSTEM SHOULD EXTRACT

Rule SEC_001

Condition: role NOT IN ("Manager", "Director", "Admin") AND file_type = "financial_report"

Action: Flag

Severity: High

Rule SEC_002

Condition: sensitive_record_access_count > 50 within 1 hour

Action: Flag abnormal behavior

Severity: High

Rule SEC_003

Condition: login_ip_count > 3 within 24h

Action: Flag

Severity: Medium

Rule SEC_004

Condition: failed_logins > 5 within 10 minutes

Action: Lock account

Severity: Critical

Rule SEC_005

Condition: download_size_mb > 500

Action: Require supervisor approval

Severity: Medium

Rule SEC_006

Condition: account_inactive_days > 90

Action: Suspend account

Severity: Medium

Rule SEC_007

Condition: employee_status = "terminated" AND access_active = true

Action: Flag compliance violation

Severity: Critical

SAMPLE TEST EVENTS

Event E1

Employee Role: Analyst

Accessed: Financial Report

Expected Result: Clause 1.1 violation

Event E2

Employee accessed 65 sensitive records within 45 minutes

Expected Result: Clause 1.4 violation

Event E3

Login from 4 different IP addresses in 24 hours

Expected Result: Clause 2.2 violation

Event E4

6 failed logins within 8 minutes

Expected Result: Clause 2.3 violation

Event E5

Downloaded 650MB data

Expected Result: Clause 3.1 violation

Event E6

No login for 120 days

Expected Result: Clause 4.1 suspension

Event E7

Terminated employee still has system access

Expected Result: Clause 4.2 violation
